## Chapter 1 by puppies4life

When I was alive, I was an egyptian princess. My father was the pharaoh. I had it great. I was waited on hand and foot all the time. Of course, since we were Egyptians, we believed that death was only the beginning. I thought that was ridiculous. When you're dead, you're dead. Just that no more questions it's that simple. Or at least I thought it was.

## Chapter 2 by Mac\_Da\_Yak

When I was 23 I died of brain cancer, but the world didn't know what it was then. When I died I went to the underworld My heart was weighed against the feather of truth and it was lighter, so I went to the better part of the underworld. There I tried for rebirth and after several millennia, I was reborn into the 21st century. It was so much different than what I was used to.
